

Essential intelligence on leveraged finance

Leveraged Commentary & Data (LCD) combines real-time news, data, tools and analysis on the US and European leveraged loan, high-yield bond, distressed and investment-grade corporate markets.

Turn information into business intelligence

LCD helps buy-side and sell-side institutions in the broadly syndicated loan market:

- Compare loans currently in the market with similar, recent transactions
- Structure and price deals to clear the market
- Reveal possible trade opportunities
- Benchmark portfolio performance and analyze risk/return
- Track and contextualize key market trends

in private credit:

- Benchmark pricing and structure on illiquid instruments
- Identify co-investments by BDCs in the same company
- View marks and compare how various BDCs value the same investments
- Understand shifting dynamics relative to the large cap space and identify areas of opportunity

News: You need to know what happens when it happens

Our real-time news coverage on leveraged loan and high-yield bond originations, pricings and trading gives you the ability to follow deals through their entire lifecycle—complete with comparisons against the rest of the market. Produced by our team of journalists and analysts, our wide-ranging news offerings cover:

- Market-driven price and structure flexes during syndication
